

Scream 4 Love

Lyrics , *S. Cuffy*
Music, *David Penn & S. Cuffy* 2003

Verse I

In my life I made the connection
Search to find the peace, not the fight
As the storm turns to calm
Love is my light
Wrap my soul in it's glow
All of my life yeah

In this world you chose a direction
Chose between my wrong and your right
When it's all said and done
Truth shines the light
And that truth, just like love, makes us strong

Chorus

I'm gonna scream about my love
From the highest mountain
I'm gonna scream about my love
From the highest mountain

Verse II

You and I, believe there's salvation
We believe that hope is alive
Like the phoenix from fire
Rises to fly
We can grow with the flow
And turn our lives around yeah

There'll be times you'll need inspiration
You can be sure love will always survive
Turn a new page on life
The future looks bright
Sing for joy, shout for peace, Scream for love
